

# NEWS OF WOMEN'S WORK INTERESTING TO CLUB WOMEN.

## Another "Would-be" Authority

A recent Literary Digest prints an abridged letter to the Brooklyn Chronicle, written by one Samuel S. Dale on "Why Not to Knit." In a nut shell his argument is, that it is waste of time and wool, the latter a valuable asset just now.

On whom could we better waste it than our boys at the front?

But the following is an answer from the powers-that-be:

"Cleveland, O., July 18, 1918.

"Mrs. F. Sutherland, Publicity Chairman,

"Bourbon County Chapter,

"American Red Cross,

"Paris, Ky.

"My Dear Mrs. Sutherland:—We have your letter of July 15th enclosing a clipping from the Literary Digest, entitled 'Why Not to Knit.'

"As you may well imagine, this article has stirred up a lot of comment and Mr. Abbott, Director of the Bureau of Development here has instructed me to answer inquiries on this article by calling attention to the following facts:

"1st—That the government is releasing wool to the American Red Cross for the continuation of its hand-knitting of articles for soldiers and sailors.

"2nd—That Red Cross headquarters everywhere have in their possession many letters from soldiers and sailors testifying to their appreciation of Red Cross knitted goods and to the superiority of these hand-knitted articles over those knit by machine.

"3rd—That much of the success of Red Cross woman's work may be attributed to the sentiment attached to the hand-knitting of sweaters, socks and wristlets for our men in service; the personal equation entirely disappearing in the machine knit process.

"4th—That the filling of quotas of hand-knitted goods by chapters is to continue as rapidly as the delivery of yarn permits.

"We appreciate your interest and thoughtfulness in calling your local situation to our attention and trust that the information above may be helpful to some degree.

"Very truly yours,

"THE AMERICAN RED CROSS,

"D. C. DOUGHERTY,

"Director Bureau of Publicity."

Hospital Pajamas Prove Highly Valuable.

PARIS, July 20.—Hospital pajamas made by American women have been found of the utmost service in replacing gas infected clothing at the 17 Red Cross bath stations

which have been started in France.

To relieve the gassed men of the clothing they have been wearing, give them a bath and supply them with pajamas and a blanket is all that can be done for them immediately. Covered with the Red Cross blanket, they go to the nearest hospital.

The way of the knitter is long, quoth Experience. The motto of the knitter must be "speed up," replies the U. S. Government.

The message has flown across the cable between "somewhere in France" and the great white Red Cross headquarters in Washington: "Begin shipping at once, one and one half million each of knitted mufflers, sweaters, socks and wristlets. These are desperately needed before cold weather." This is the immediate task of the American women. Bourbon's quota is large—this means we have been counted worthy. On September 1st we must answer "ready," and we will if only every woman feels her responsibility and heeds the call.

The Red Cross uses a fleet of 634 trenches in France.

President Wilson writes to the Woman's Committee: "I do entirely approve of the action taken by the Woman's Committee in executive session, namely, that a three-inch black band should be worn, upon which a gilt star may be placed for each member of the family whose life is lost in the service, and that the band shall be worn on the left arm. I hope and believe that thoughtful people everywhere will approve of this action, and I hope that you will be kind enough to make the suggestion of the committee public, with the statement that it has my cordial endorsement."

KENTUCKY PRESS ASSOCIATION ADJOURNS AT CRAB ORCHARD

The Kentucky Press Association held its final session Saturday afternoon at Crab Orchard, when officers for the ensuing year were elected. Vice President Woodson May declined to stand for election of president and he was elected a life member of the association. This is the third time in the history of the association that this honor has been conferred on anyone. The other instances were when Clarence E. Woods and Col. E. Polk Johnson had this honor conferred on them. D. M. Hutton, of Harrodsburg, was elected president; B. F. Forgy, of Ashland, vice president, and J. Nall Larue, of Franklin, chairman of the Executive Committee. The association was addressed by Food Commissioner Fred M. Sackett and James Speed, of Louisville. Much routine business was attended to before adjournment.

BOURBON MAN FIGURES IN TRAP-SHOOTING EVENT.

At the clay pigeon trapshooting tournament, held in Latonia, Saturday, Squire John N. Shropshire, of near Centerville, made a good record. Mr. Shropshire stood forth in a list of eighty participants, getting a score of 96 out of 100 birds. The contest was for the State championship. In the three days' shooting Mr. Shropshire scored 480 out of a possible 500.

Squire Shropshire is one of the most enthusiastic devotees of trapshooting in the county, and attends all of the principal events. He will go to Louisville this week to take part in a shooting tournament to be given by the Louisville Gun Club, near that city.

GOVERNMENT TO ASSUME CONTROL OF PHYSICIANS.

The government is about to assume control of the entire medical profession in the United States to obtain sufficient doctors for the fast growing army, and at the same time to distribute those remaining to the localities for services where they are in most need for civilian work. This is to be accomplished either by enrolling all doctors in a volunteer service corps under privilege to accept whatever service, military or civilian, is assigned them by the governing body of the corps, or if the voluntary class is not successful, by legislation providing for drafting them into government service.

Medical officers of the government believe compulsory conscription will not be necessary.

Organization plans for the volunteer medical service corps already have been made and enrollment has started in a few States under authority of the Council of National Defense.

## MATRIMONIAL.

### BROWN—RICE.

Darkened skies and lowering clouds, interspersed with showers of rain, did not serve to lessen the brilliancy of the indoor scene at the home of Dr. and Mrs. J. T. Brown, on Cypress street, yesterday afternoon, when at 4:30 o'clock, the ceremony was performed that gave to Rev. John Jay Rice, a handsome and accomplished bride in the person of the daughter of the house, Miss Elizabeth Brown, known and admired by a large circle of friends and acquaintances.

The rooms, especially the large drawing room where the ceremony was said, were beautifully decorated with roses, potted plants, baby's breath and a wealth of green decorations that added a vernal touch of refreshing color to the scene.

Promptly at 4:30 o'clock, the hour set for the ceremony, after the home had filled with guests, Miss Elizabeth Crutcher, presiding, played softly the beautiful Lohengrin Wedding March, and Mrs. Macle White Fithian sang "Love Like the Dawn Comes Stealing," while Mrs. Edward Prichard sang "Love Song," preceding the advent of the bridal party. The party entered in the following order: Little Marjorie Trisler, ring-bearer, Mr. Robert J. Denny, of Nicholasville, best man, Miss Mary Adams Lincoln, of Louisville, maid of honor. The bride, charmingly gowned in a most becoming toilette of white Georgette, with hat to match, and carrying a bouquet of loose roses, entered, on the arm of her father, and met the groom in front of the minister, Rev. Dr. David D. Sweets, of Louisville, who, in a most impressive manner, said the ceremony that gave one of the handsomest young women of the city into the life-care of one of the most popular ministers of the city. The bride was given in marriage by her father, Dr. J. T. Brown.

After receiving the congratulations and best wishes of the host of friends, relatives and acquaintances who thronged the beautiful home, Rev. and Mrs. Rice left on the Louisville & Nashville fast train for Fulton, Missouri, to spend part of their honeymoon, as guests there of the groom's father, Rev. J. J. Rice, Sr., who is associated with the faculty of the Columbia University there. They will spend a large portion of their time in visiting relatives in the West, and, upon the conclusion of their visit will return to this city, where they will be at home to their friends after September 1.

The bride is a handsome young woman, a graduate of the Carlisle High School, in the class of 1918. During the past year she has been very actively interested in the war work, having sold during the Third Liberty Loan campaign over \$40,000 worth of Liberty Loan bonds. She was also chairman of the woman's division of the War Savings Stamps campaign in Nicholas county. The groom is engaged in farming near Carlisle.

GREENE—WOOD.

Mr. Stanley O. Wood, until recently editor of the Mt. Sterling Gazette, was married in Jeffersonville, Ind., last week to Miss May Louise Greene, of Cincinnati.

GAME WARDEN MAKES ARRESTS

While on a scouting expedition in Jefferson county recently Game Warden Bush Bishop, of Paris, secured evidence leading to the arrest of seven men on the charge of violating the State game and fish laws. A conviction with resulting heavy fine was afterward secured in all seven cases. Warden Bishop captured and confiscated a sixty-five foot seine containing sixty pounds of fish, which had been taken from the river by the men he arrested. The seine was introduced in court as evidence, and afterward destroyed. Several poor families were presented with the fish. Mr. Bishop was assisted in the work by Game Warden Scott, of Eminence.
